GREAT BARRIER REEF ADVENTURE

Enjoy a buffet lunch with a view.

Relax on the sundeck

ESCAPE INTO A WORLD OF SURPRISES AND EXPERIENCE THE BEAUTY OF THE GREAT BARRIER REEF WITH OUR EXCITING OUTER REEF CRUISE.

You'll cruise in comfort aboard our modern, fast catamaran to a spacious activity platform moored at a magnificent site on the outer edge of the Great Barrier Reef. Here, in this pristine marine wilderness, the marine biodiversity is at its most extreme.

With activities for swimmers and non-swimmers, visitors of all ages can get close to nature and appreciate the values of this wondrous World Heritage environment.

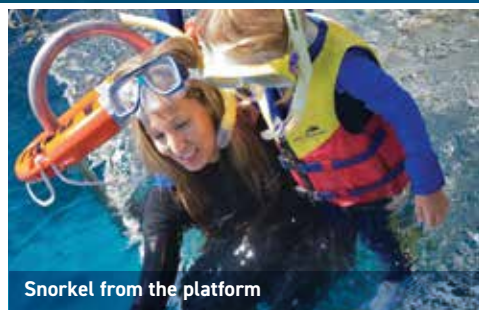

Snorkel and dive amongst coral gardens home to extraordinary marine life and rainbow coloured tropical fish. If you choose to stay dry, you can still embrace the natural wonderland below from the underwater observatory and the comfort of the spacious semi-submarine.

Our friendly and knowledgeable crew are ready to share a wonderful day of discovery and adventure in this very special part of the world.

ADVICE FOR WATER ACTIVITIES

The minimum age for scuba diving and Scuba Doo is 12 years, however some people may require a doctor's certificate. Certain medical conditions, medications and height restrictions may preclude some people from participating in optional in-water activities. For advice, contact our office. After a single dive a wait of 12 hours is recommended before ascending to an altitude of 300 metres or greater. An interval of 24 hours is suggested for multiple dives. Snorkelling can be a strenuous activity. Please use caution and inform our crew of any medical conditions.

CARING FOR THE REEF & COMMUNITY

Great Adventures is proudly recognised as a high standard operator by the Great Barrier Reef Marine Park Authority. Our tours are accredited with Climate Action and Advanced Ecotourism Certification ensuring our visitors have the opportunity to learn about and appreciate this most important World Heritage area. As part of the Quicksilver Group, we are committed to sustainable practices and ongoing conservation for future generations to enjoy.

On Green Island, we now generate over one-quarter of the island's energy needs by solar power. That's pretty impressive for an island covered with a rainforest!
